General and Revenue Secretariat | File No 1874 of 1916

Serial No

21 The proposals now received may be dealt with under two heads --

(a) Proposals of Taluk Boards.

(b) Proposals of Municipal Councils.

22 As regards A, the replies received from the Districts show that 5 out of 8 District Boards approve of the scheme in its entirity, but the remaining 3 District Boards and Kolar Gold Fields Sanitary Board propose the following modifications -

(1) The District Board of Hassan propose to fix the starting grade of the Sanitary Inspector at Rs 30-2-40 plus Rs 10/- Bicycle allowance.

(2) The District Board of Mysore propose the following scale -

(a) First year (probationary period) Rs 25-1-30 plus Bicycle allowance of Rs 10/-.

(b) After probationary period to be promoted to the grade of Rs 30-2-40 plus Rs 10/- Bicycle allowance.

(c) After reaching the maximum pay of Rs 40/- to be promoted to Rs 40-2-50 plus Rs 10/- grade.

(3) The District Board of Kolar and the Kolar Gold Fields Sanitary Board want the maximum pay of the Sanitary Inspector to be reached in 20 years instead of in 30 years as proposed and the latter also wants the horse allowance being raised from Rs 15/- to Rs 25/-

23 The modifications suggested are minor ones

NOTE—Contn sheet.

Serial No

in these cases, but the modifications proposed by the Mysore District Board does not appear to be quite satisfactory, as the object of the present scheme is to ensure proper recruitment by offering attractive emoluments, which the Mysore District Board does not seem to take into consideration.

24 As regards the views of the Municipal Councils, the accompanying statement shows the opinion expressed by several of them.

25 The Sanitary Commissioner in his letter No. G.C.84-4 dated the 5th January 1918 points out some of the difficulties in the way of giving effect to this scheme, especially in Municipal areas. He points out that even Municipal Councils with just Rs 5,000/- annual income will be committed ultimately to an expenditure of Rs 1,000/- per annum on this account alone. This is inevitable so long as this charge has to be met by the local bodies themselves. The difficulty of transferring men from one local body to another also arises in such cases. In the case of Taluk Boards, however, this difficulty is likely to obviated by the creation of General Local Fund Service.

26 The Sanitary Commissioner's suggestion that in the case of Municipal areas, a contribution should be made from State Funds towards meeting the cost of their pay to the local bodies

Serial No

is hardly a satisfactory one.

7. The question therefore is how to solve the financial difficulties arising in the case of Municipal areas. It would not be desirable to leave them out of consideration as this would be practically a retrograde step. According to old Rules, the pay of Sanitary Inspector being limited to Rs 40/-, question of funds was not an important consideration and Municipalities with an income of Rs 5,000/- could easily have met the charge.

8. It is a point for consideration therefore as to whether the grade of Assistant Sanitary Inspectors may not be retained fixing their pay at Rs 30/- per mensem and holding out prospects to them by stating that preference should be given in appointing Sanitary Inspectors to Taluk Boards to men who are already in Municipal Service in the State. In short make the Municipality a recruitment ground for Taluk Sanitary Inspectors, & Of course this will mean the loss of a few years service to the men in Municipal service who get themselves transferred to Local Fund Service and it may also be urged that it is not conducive to efficiency of work either - But it is difficult to see how else to provide for ~~xxxx~~ sanitary work of the second and third class Municipalities in the State.

9. The result of the enquiry made stands thus -

(1) The Local Boards have agreed to the

NOTE—Contn sheet

JD 1273—GPB—GC CCC—1 12-16—S.

Serial No

Improvement Scheme and so far as they are concerned, the scheme may be given effect to with the modifications that the annual increment in the highest stage of Sanitary Inspectors' Grade being raised ~~to~~ from Rs 2 to 4 as suggested by the Sanitary Commissioner. The increase in cost is not likely to affect the financesof these Boards to any appreciable extent.

(2) The Municipalities consulted differ in their opinion and having regard to the financial state of most of these bodies it would not be fair to commit them to ultimate expenditure of Rs 1,000/-

30 Whether a solution as suggested in ~~portion marked~~ para 28 supra may be adopted is a point for orders Otherwise this question will have to be separately taken up and a lower class of officials called Sanitary Maistries trained speciallyand appointed for small Municipalities. These Maistries may be given a pay of Rs 15-to 30. It will however be open to the larger Municipalities to employ regular Sanitary Inspectors if they are able to afford the convenience Even in the case of smaller Municipalities, when any special Sanitary work of some magnitude has to be carried out, a special Sanitary Inspector may be deputed for a temporary period to carry out the work, the charge being met by the Municipality concerned and included in the Cost of the work itself.

Please see Comparative Statement of Cost separately put up in statements A, B & C

NOTE—Contd sheet

Serial No

itself.

These suggestions are submitted for consideration.

30 9 18

30. 9 18

Rules?

31 The suggestions at paras 28 & 29 may be considered. The retention of a small number of Asst Sany Insp^rs on a scale of pay which the poorer municipalities can afford to bear, seems to be necessary.

22 10 18

2nd member)

22-10-18

32 I think Lady Sand may be referred to yours. Please see how that will work. Lower level cases may have Sanity Inspectors under the Chief Sanitary Insp. on Rs 15—.

30 10

The Idea' known as Cyclo-D

33 The following are the municipalities whose annual normal income is not less than Rs 70000 —

	Name of Municipality	Normal income Rs	Normal expenditure Rs	Closing balance Rs	Whether the Municipality can afford to pay wholly for a Sanitary Inspector. Yes
	1 Bangalore City	3,94,015	3,57,012	1,64,581	
	2. Mysore City	2,77,474	2,78,977	55,663	do
	3. Chamarajanagar	12,060	10,256	5,521	do.
	4 Kolar	18,135	16,429	10,782	do
	5 Bowringpet	12,871	10,700	16,685	do
	6 Chintamani	12,315	11,753	11,822	do
	7. Chikballapur	14,035	18,833	3,562	do
	8 Tumkur	27,270	22,699	22,322	do
	9 Tiptur	13,000	7,877	14,410	do
	10 Hassan	20,018	19,045	6,105	do
	11. Alur	7,180	6,609	15,813	do.
	12 Hole-Narsipur	9,151	9,932	10,302	do
	13 Nanjangud	15,200	8,860	4,112	do
	14 Seringapatam	10,400	9,900	2,707	do
	15 Shimoga	41,747	41,431	11,639	do
	16 Chikmagalur	33,572	32,247	56,570	do
	17. Davangere	17,115	12,058	12,205	do
	18 Chitaldrug	18,890	14,246	8,965	do
	19 Bangalore	48,727	38,886	36,467	do
	20 Harihar	11,985	11,910	10,470	do
	21 Challakere	8,065	4,934	10,231	do

From the above it is seen that in all cases except Harihar, the normal expenditure is less than the normal income and that the minimum balance is 2 lakhs in each case after admitting the expenditure of Rs proposed for the appointment of Sanitary Inspectors under the new scheme. In the case of Harihar though the normal expenditure is a little more than income, it can bear the additional expenditure

the Local bodies to allow a H.A. of Rs 20/- instead of a cycle allow of Rs 10/- in cases where San. Inspr. choose to maintain a pony.

39 Provision is also given in the order for the entertainment of unsan. San. Inspors in such districts which are with an annual income of Rs 7000 are under the order ~~[illegible]~~ obliged to entertain at least one San. Insp. This is directed by the members in Council.

N

(4) A few alterations have also been made in the order of 15th Nov. 1917 which is proposed to be confirmed now and these are,

(1) Starting San. Inspectors on a pay of Rs 30/- instead of Rs 25.

(2) Requiring them to be on probation for 2 years.

(3) Fixing the Rs 60 to 80 grade ~~as 60-5/2~~ as Rs 60 - 5/2 - 80 so that the San. Inspector may be enabled to reach the maximum in the course of 15 years. This alteration was made as the period fixed in the previous S.O. was considered too long, both by the San. Council & some of the local boards.

THIRD

FINAL NOTE BY THE ~~TEMPORARY~~ MEMBER OF COUNCIL

Subject Revision of the scale of pay of the Sanitary Inspectors.

- - - -

in the department. But having regard to the unsatisfactory condition of many of the local bodies he suggested the constitution of a provincial service for this class of officials, the local bodies being required to contribute the entire cost or as much of it as Government might fix in each case. A tentative scheme was thereupon formulated in Government Order No. 2582-99/ Ml.184-18-4 dated 10th November 1917 and referred for opinion to the Sanitary Commissioner, the City and Town Municipal Councils and the District Boards, the majority of whom are in agreement with the proposed scheme in its entirety while the others have suggested certain modifications in matters of detail.

4. The whole question has been re-examined in the light of the views expressed by the Sanitary Commissioner and the several local bodies and a revised scheme suited to the resources and requirements of Local Boards and Municipalities has been prepared and embodied in the draft order herewith submitted. The main features of this scheme are -

(1) fixing of a time scale of pay for Sanitary Inspectors as follows -

Rs.30 during the period of probation viz 2 years
from 3rd to 7th year Rs.30-2-40
from 8th to 13th " Rs.40-2-50
from 14th to 18th " Rs.50-2-60
from 19th to 25th " Rs.60-$\frac{5}{2}$-80

(2) provision for District Boards employing reserve Sanitary Inspectors for emergent work in connection with epidemics etc

(3) substitution of a revenue for the present population basis for the employment of Sanitary Inspectors by Municipalities, a

(4) the introduction of a new class of officials viz Sanitary Maistries on a pay of Rs.15/- for employment in smaller Municipalities with limited resources and

37

(5) defining the authorities competent to transfer these officials

5. With the augmented resources of the Local Bodies under the Local Self Government Scheme they should have no difficulty in meeting the extra expenditure involved by the proposals referred to above.

6. The draft order has been passed by the Council and may be approved.

MEMBER OF COUNCIL.

5th June 1919.

Submitted to His Highness.

I submit herewith a final note by the Third Member of Council on the subject of revision of the scale of pay of Sanitary Inspectors, for His Highness' gracious approval

2 In dealing with the Local Self Government Scheme, I raised the general question of improving the staff of Sanitary Inspectors in November 1917 The scheme is long overdue Rural sanitation is now badly neglected and the Mysore State is unable to get qualified Sanitary Inspectors for local bodies and municipalities under the existing arrangements All local - bodies should be compelled to employ qualified men subject to certain limitations of income and resources. For smaller municipalities maistries will do for the present The reform is long overdue and the draft order, agreed to by the Members of Council, may be graciously approved.

No.- 297/one

Office of the President,
Sanitary Board, Kolar Gold Fields,
Dated, Champion Reefs, 2nd January 1918.

From

E. Venkoba Rao, Esquire, B.A.,
President, Sanitary Board,
Kolar Gold Fields.

To

E. Ramaswamaiya, Esquire, B.A., B.L.,
Offg. Secretary to the Government of His
Highness the Maharaja of Mysore,
Revenue Department, BANGALORE

Sir,

With reference to Government Order No 2512-[illegible] M L 184-16-4 dated the 16th November 1917, regarding the pay and prospects of Sanitary Inspectors, I have the honor to inform you that the Sanitary Board, Kolar Gold fields, while agreeing in the main with the proposals formulated in the order under reply, are of opinion that the period of 30 years required for Sanitary Inspectors to get the maximum of Rs.80/- is rather a long one and that in consideration of their having to serve for three years on a given pay to entitle them to the pension allowances attached to that grade and of the steady increase in the cost of living, the period to enable them to draw the maximum pay of Rs.80/- may be reduced to 20 years The Board are also of opinion that in the cases of Sanitary Inspectors who have to maintain horses for the satisfactory discharge of their duties a horse allowance of Rs.25/- may be given in addition.

2. Copy of the Board's resolution is enclosed.

I have the honour to be
Sir,
Your most obedient servant
Venkoba Rao
For President,
Sanitary Board K.G.F.

L.S.

4. Government Order No.2582-99 F L 184-11-4 dated 10th November 1917 calling for the views of the Board, Kolar Gold Field, on the scheme of improving the pay and prospects of Sanitary Inspectors.

Resolution -

While the Board are in agreement with the scheme generally, they respectfully suggest a reduction of the period required to reach the maximum to 20 years and recommend a horse allowance of Rs.25/- having regard to the initial expenses to be incurred in buying a good animal and keeping it in good condition after wards

No. 77
Ml 184-16-8

Office of the Sanitary Commissioner
with the Government of His Highness
the Maharaja of Mysore,

Dated, Bangalore, 5. 6. 1918

From

M Srinivasa Rau Esquire, MA MD B SC, (Edin)
D P H (Cantab) & F C S (London)
Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore Bangalore

To

C.S Balasundaram Iyer Esq, B A,

Chief *Secretary to the Government of His Highness the Maharaja of Mysore,* xxxxxxxxxxxxxxxxxxxxxxxxxxxx *Department,*
BANGALORE

Sir

With reference to Government Order No.2582-99 Ml 184-16-4 dated the 10th November 1917 calling for my views on certain proposals relating to the pay and prospects of Sanitary Inspectors, I have the honour to state that there are at present 32 town municipal Councils whose normal annual income is not less than Rs 5,000/- per annum The income of 16 out of these exceeds Rs 10,000/- per annum, ranging from Rs 11525 for Harihar to Rs 68,442 for Davangere. In these circumstances, it is perhaps necessary to provide for the option of entertaining more than one Sanitary Inspector for such municipalities as well, according to requirements

2 Assuming that every one of the 32 municipal Councils employs a Sanitary Inspector, the cadre will be 101 Sanitary Inspectors as compared with 191 sanitary and 30 Assistant Sanitary Inspectors under the old scale. The proposals thus entail an actual reduction in the number of men, which does not appear to me to be conducive to an efficient sanitary service in the State There is of course the possibility of the other municipal

Councils

Councils referred to in para3 (iii) of the Government Order employing their own Sanitary Inspectors but the likelihood of their doing so is so little that for all practical purposes they may be left out of account. The Municipal Councils that may hereafter be newly formed under the local self-government scheme are not likely to possess an income of Rs 5,000/- per annum - so that there is no expectation of the newly constituted bodies contributing towards an enhanced and adequate strength of sanitary Inspectors I am of opinion that in the case of the municipal Councils whose annual income is less than Rs 5,000/-, the employment of Sanitary Inspectors should be encouraged by a grant-in-aid by Government equivalent to a moiety of the cost.

3. In regard to the time scale fixed in para 3 (iv) of the order, I would point out that the local body that entertains a Sanitary Inspector on Rs.25/- per mensem is committed to an expenditure that ultimately will be Rs 80/- per mensem, or nearly Rs 1000/- per annum, and unless the resources of the municipality are considerably improved in the meantime it may not find itself in a position to conform to the scale laid down by Government Further, the interchange of these officers from under one local body to another may be rendered difficult, if not impossible, by reason of the difference in the amount of pay being drawn at the time by each of the Sanitary Inspectors proposed to be transferred A time-scale might thus result in practically fixing a sanitary Inspector to one place for the whole term of his service.

4. I would recommend that the increment in the highest grade of Rs.60-2-80 may be Rs 4/- instead of Rs 2/- It is also necessary that in the case of such of the existing men as have reached the maximum of Rs 40/-, their

their length of service on the maximum pay should reckon towards the increment in the next higher grade under the new scale.

5. I agree in regard to the rest of the proposals

I have the honour to be,

Sir,

Your most obedient servant,

Sanitary Commissioner.

Bangalore.

Sir,

With reference to Government Order No. 2582-99 mD 184-16-4 dated the 10th November 1917, calling for the views of the District Board and Town Municipal Councils on the scheme of improving the pay and Preospects of Sanitary Inspectors, I have the honour to state that the District Board and the Kolar Town Municipal Council, are of opinion that the prosals contained in the Government order, are suitable, but the maximum pay of the Inspector, viz, Rs.80/- should be caused to be reached within twenty years.

The Municipal Councils of Chintamani Sidlaghatta, Kulbagal and Bowringpet have also approved of the scales of pay proposed while the Chickballapur Town Municipal Council is silent on this point.

A feeling has been expressed that the prospects of Sanitary Inspectors will after the revision be better than those of Sub Assistant Surgeons and that the prospects of the latter may also be improved

To

The Sanitary Commissioner

The Presidents of Bangalore and
Mysore City Municipal Councils.

Sir,

In connection with the proposed scheme for the improvement of the pay and prospects of Sanitary Inspectors in the State, it has been proposed with a view to make the service more attractive to create some appointments of a higher status than that of a Chief Sanitary Inspector, which at present is the only post to which really deserving Sanitary Inspectors may aspire for. Since the Chief Sanitary Inspector's duties --- practically correspond with those of an Assistant Health officer, I am to state that it seems to be desirable to change the designation of Chief Sanitary Inspector into that of Assistant Health Officer, the pay of which appointment may be fixed at Rs.100-10-150, so as to give not only a higher status to the said officer but a higher tone to his work. I may be added that

I am to request you to be so good as to favour Government with your views in the matter at a very early date.

I have the honour to be,

Sir,

Your most obedient servant

MC 13-2-19

for Sec. Secretary to Govt.

I am asked that proposal is marked that with an that available which shall be put in charge of the chief that whenever that post be in the chief-hand

President City Municipal Council,

MYSORE.

To,

C S Balasundaram Iyer, Esquire, B A,

Chief Secretary, to the Government of His Highness

the Maharaja of Mysore

64855

Sir,

With reference to your No 10796-8/M1 184-16-19 dated 21st February 1919 requesting me to furnish my views in the matter of opening the places of Assistant Health Officers to deserving Sanitary Inspectors &c I have the honour to state that the suggestion to open higher posts to deserving and senior Inspectors is in my opinion a very good and desirable one. Sanitary Inspectors are indeed very hard worked officials, and their work is very often attended with risk to life. Still some-how till now their worth, merit and work seem not to have received due recognition Their present pay and prospects are not over bright Beginning service with Rs. 20 with a small cycle or horse allowance, their prospects stop at Rs. 40/-

2 There is already under consideration a scheme to improve their pay and prospects If this is sanctioned and if in addition, the posts to be called Assistant to Health Officers are opened to them, I feel no doubt whatever that better work, enthusiastic and whole hearted would become possible, for the men would have something bright before them

3. At present a great majority of Sanitary Inspectors are discontended and some of them are only waiting for an opportun -ity to get out of the Sanitary Department, not to speak of those that have already got out of it. One cannot expect them to work cheerfully when they find their collegues in other Departments farebetter and get rapid increase of pay and allowance

4. I would therefore strongly recommended and keenly look forward to the bettering of the prospects of the Sanitary Inspectors who are the very salt of the Health Department.

I have the honour to be,

Sir,

Your most obedient servant,

President

Revenue Department,
Bangalore.

Sir,

With reference to your letter No. 10796-8 Ml.184-16-19 dated the 21st February 1919, I have the honour to state that I agree that the appointment of a duly qualified Assistant to the Health Officer in place of a Chief Sanitary Inspector will improve the tone of work and at the same time provide an - - officer who can be placed in current charge of the duties of the Health Officer when the latter happens to go on short leave It is essential that such an officer should be a medical man so that he can be trusted to carry out all the duties that a Health Officer has usually to perform, including the prevention of epidemics and the supervision of the Epidemics diseases - - Hospital. A medical graduate would of course be a desirable Officer for the post but I fear that it would scarcely be - - possible to secure men with higher medical qualifications on the pay proposed viz Rs. 100-10-150; in their own medical - - Department they can in the usual course expect a higher salary I am of opinion that a young Sub Assistant surgeon who has hac a special training in the Public Health Institute would make

Read--

Government Order No.2582-99/M1. 184-16-4 dated the 10th November 1917, calling for the views of the District Boards, the Kolar Gold Fields Sanitary Board and the City and Town Municipal Councils and the Sanitary Commissioner in Mysore on the scheme proposed for improving the pay and prospects of -- Sanitary Inspectors.

2. The following replies received from the ~~officers~~ local bodies &c referred to above -

(1) Letter No.L.F./Sc. 53 (a) dated 23-12-1917 from the President, Tumkur District, agreeing with the scheme without any modification.

(2) " R.dis 55 L.F of 17-18 dated 31-12-17 and 1179 L F. dated 10-1-18 from the Deputy Commissioner, Chitaldrug District, - do. -

(3) " He 73 L B of 17-18 dated 9-1-18 from the President, District Board, Shimoga, - do. -

(4) " Mc 237 dated 1-3-18 from the President, District Board, Kadur, - do -

(5) " C 780/L.F. dated 6-3-18 from the Deputy Commissioner, Bangalore, - do -

(6) " L F C 1313 dated 4-3-18 from the Deputy Commissioner, Kolar, stating that the District Board suggests a modification that the period of 30 years required for a Sanitary Inspector to reach the maximum pay may be reduced to 20 years

(7) " 297 dated 2-1-18, from the president, K G F Sanitary Board, - do.-

(8) " D.Dis 523 L.B. dated 14-2-18 from the Deputy Commissioner Mysore, stating that the District Board proposes a different scale altogether.

(9) " D Dis 992 L.F. dated 26-1-18 from the President, District of Hassan, stating that the Board proposes to fix the starting grade of the Sanitary Inspector at Rs 30-2-40 + 10 Bicycle allowance

(10) " C.C 34-4 dated 5-1-18 from the Sanitary Commissioner

proposing a modification that the annual increment in the grade of Rs.60 to 80 may be raised from Rs 2 to Rs 4/-. and suggesting certain other amendments

(11) Letter No.117 dated 4-2-18 from the President, Mysore City Municipal Council, stating that the Municipal Council while approving of the scheme generally, does not want a Chief Sanitary Inspector.

(12) " 58 dated 10-9-18 from the President, Bangalore City Municipal Council, suggesting that the annual increment in the first grade of Sanitary Inspectors may be Rs.4 instead of Rs.2 as proposed.

(13) " 340 dated 18-3-18 from the President, Sringeri Municipality stating that no Sanitary Inspector is needed for the Municipality

3. Also Letter No C.102/L F. of 18-19 dated 30-10-18 from the Deputy Commissioner Hassan District, recommending the grant of a horse allowance of Rs.20 per mensem to Sanitary Inspectors serving in the Malnad areas of the District and Rs.15/- to the Sanitary Inspectors of the Alur Sub Taluk

Order -- No. -- R. - 16474 - 95 / MU 184-16-22

Dated Bangalore, the 24/6/19

The scheme proposed in the G.O. of the 10th November 1917 read above and referred to the local bodies for opinion is as follows -

(i) that there shall be a Chief Sanitary Inspector for the Bangalore and Mysore Cities and the Kolar Gold Fields, a sufficient number of Sanitary Inspectors being also employed in each of the local areas

(ii) Every Taluk Board and Every Municipal Council whose annual normal income is not less than Rs.5,000/-, to employ a Sanitary Inspector.

(iii) Any one of the other Municipal Councils to entertain, at its option a Sanitary Inspector according to its financial condition

(iv) The salary of the Chief Sanitary Inspectors and Sanitary Inspectors to be fixed as hereunder and met entirely from the funds of the local bodies employing them -

(a) Chief Sanitary Inspector		Rs.80-4-100	+ 15 H.A.
(b) Sanitary Inspectors			
	For 1st 5 years	25-1-30	+ 10 B A
	From 6th to 10th year	30-2-40	+ 10 B.A.
	" 11th to 15th year	40-2-50	+ 10 B.A
	" 16th to 20th year	50-2-60	+ 10 B.A.
	" 21st year & onwards	60-2-30	+ 10 B.A.

(vi) The best among the Sanitary Inspectors of at least 15 years standing to be selected generally as Chief Sanitary Inspectors

2. From the replies received it is seen that the majority of the District Boards agree to the proposed scheme without any modifications, while the District Board of Kolar and the K G.F Sanitary Board propose that the period of 30 years required for a Sanitary

Inspector to reach the maximum pay be reduced to 20 years. The Sanitary Commissioner, while approving of the scheme generally, proposes that the annual increment in the grade of Rs 60 to 80 be raised from Rs.2 to Rs 4

3. Government have carefully considered the views of the local bodies in this connection and are pleased to direct that the general principles enunciated in the G O of the 10th November 1917 be adopted and given effect to in all the areas under the District and Taluk Boards, Kolar Gold Fields Sanitary Board and the Municipal bodies mentioned in para 6 infra with the following modifications as regards the scale of pay -

Sanitary Inspectors shall start on a pay of Rs 30 and be on probation for 2 years after which they shall draw pay as noted in the margin

From 3rd to 7th year	Rs 30-2-40
8th to 13th year	40-2-50
14th to 18th year	50-2-60
19th to 25th year	60-5/2-80

4 ~~Each~~ Every District Board will also be permitted to employ a reserve Sanitary Inspector for emergent work in connection with epidemics or for relief duties in casual vacancies

5 As regards the grant of a ~~horse~~ pony allowance to Sanitary Inspectors recommended by the Deputy Commissioner of the Hassan District, Government consider that, since the proposals already formulated leave out of account this question, provision

I think it is better to provide for option being given to the municipalities to make a pony allowance or a cycle allowance figures being therein mentioned in the para alongside

13-5-19

having been made for cycle allowance only, this question may be disposed of by allowing the local bodies to grant at their option a pony allowance of Rs.20 in the case of Sanitary Inspectors and Rs.25 in the case of Chief Sanitary Inspectors, per mensem instead of the cycle allowance of Rs.10 in the case of Sanitary Inspectors.

6 As for the employment of Sanitary Inspectors in Municipalities with an -- income of Rs.5,000/- and above, it is observed that some of the Municipalities consulted have expressed different opinions in respect of the details of the scheme proposed The Sanitary Commissioner is also of opinion that in view of the low finances of most of these bodies it would not be fair to commit them to an ultimate annual expenditure of about Rs.1,000/- Government agree with the Sanitary Commissioner in this view, but having regard to the sanitary interests of the larger Municipalities in the State, it is necessary to lay down some definite ruling in the matter Government are accordingly pleased to direct that in all Municipalities with a normal annual income of not less than Rs.7,000/- at least one Sanitary Inspector shall be employed, the City Municipalities of Bangalore and Mysore being permitted to

employ as many Sanitary Inspectors as their funds permit and needs require, besides Chief Sanitary Inspectors -- referred to in the Government order of 10th November 1917 read above, whose employment however will be left to the discretion of the local bodies mentioned therein.

7. As regards the smaller Municipalities in the State, Government consider it sufficient if one or more Sanitary Mastries each on a pay of Rs.15, is employed according to the needs and financial condition of each Local Body concerned.

8. Government in agreeing with the opinion of the Mysore District Board, are pleased to order that transfer of these officers from one District to another [~~will~~ be made by the Sanitary Commissioner with the mutual consent of the respective Boards,] while transfers in a District between Taluk Boards may be done by the President of the District Board himself, and between a Taluk Board and a Municipal Council with the consent of the ~~latter~~ the local bodies.

Subject to the approval of the Government in respect of the transfer of the Sanitary Inspectors
